Build a Dream

Where Dreams Begin

On May 14, 2004, Miss Gail Devers, Sweetwater High School Class of 1984 and renown Olympic and World Sprint and Hurdles Champion, came home to Sweetwater Union High School. She spoke of a promise she made to herself her senior year in high school, that when she became an Olympic Champion, she would come back and build a track and field facility that would make National City's children and youth into 21st century Olympians! Gail told them, that the time to make the dream a reality is now. The Gail Devers Stadium Project will require an investment of 1.2 million dollars. The students have accepted the challenge to raise \$50,000 by October 15th that, when matched with waiting corporate funds, will grow to \$400,000.

Gail and a committed group of community leaders want all residents of National City and the greater South Bay to become Dream Builders and help us reach the goal by November 15, 2004. Construction will begin in December and Gail Devers will lead the Sweetwater Track Team around the new all-weather track in March 2005.

Together, All Things Are Possible!

- I want to make a personal donation
- My company or organization will provide a donation and/or would like to match funds
- My business or community group would be interested in providing an honorarium for Gail to make a personal appearance
- My business or organization is willing to sponsor a fundraising event for *Operation Fast Track*
- My business can provide goods or services toward completing this project
- My business or organization is interested in purchasing advertising space on designated areas on the track, field and/or scoreboard

All donor names will be inscribed on the DreamBuilder Wall of the new stadium scoreboard. Please print clearly!
